We have placed the price at the mere cost of printing, as our sole object in publishing it has been to circulate among the people, in a form suitable for preservation, one of the best, if not the very best, vindications of the South which has ever appeared. We hope our friends will forward us their orders. It should be in the hands of every Southern man of all parties.

Extract of a letter to the Editors, dated, LEACHVILLE, BEAUFORT Co., N. C., April 15th, 1849.

Dear Sirs-Please to accept the enclosed . and send me the worth of it in copies of the admirable and powerful Address of Elwood Fisher, which you say you have for sale in pamphlet form. It is one of the most valuable and interesting productions that I ever read, and is destined to work a great change in the minds and feelings of the American people, and to do great good. Give it a wide ference, and for the encouragement of the South, new and hereafter.

OLD DR. JACOB TOWNSEND,

THE ORIGINAL DISCOVERER OF THE Genuine Townsend Sarsaparilla. Old Dr. Townsend is now about 79 years of age, and having been known as the AUTHOR and DISCOFERER the GENUINE ORIGINAL "TOWNSEND SAR-SAPARILLA." Being poor, he was compelled to limit in manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth, and known its value. It had reached the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, perclaimed its excellence and wonderful

claimed its excellence and wonderful

HEALING POWER.

Knowing, meny years age, that he had, by his shill, science and experience, devised an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time has come, the means are supplied; this GRAND UNEQUALLED PREPARATION is manufactured on the largest scale, and is called for throughout the length and breacht of the land, especially as it is found incapable of degeneration or deterioration.

Unlike young S. P. Townsend's, it improves with age, and never changes, but for the better; because it is prepared on scientific principles by a scientific men. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the Old Dr's Sarasparilla. The Sarasparilla root, it is well known to medical may, contains many medicinal properties, and some properties which are inert or useless, and others, which if retained in preparing it for use, produce formentation and acid, which is injurious to the system. Some of the properties of Sarasparilla are so velatile, that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific precess, known only to those experienced in its manufacture. Moreover, these solution, under heat, are the very cosential medical properties of the root, which give to it all its value.

Any person can boil or stew the root till they get a dark solored liquid, which is more for two tell liquid, which is more for two tell liquid which is more for two tell liquid which is more for the root, which is repertied. for the transaction of a Forwarding and General To all whom it may concern Persons indebted to Dr. John R.
